SERIES H12 · NON-METAL TIPS

Ceramic and carbon-fibre tip tweezers

Metal-free tips for work where scratches, metal contamination, magnetism or electrical conduction matter. Tips are replaceable, so the handle lasts for years.

- Zirconia ceramic: heat resistant, non-conductive, non-magnetic
- Carbon-fibre PEEK: ESD-safe, will not scratch wafers
- Screw-fixed replacement tips
- Ideal for wet benches and annealing work

CONFIGURATIONS

Ref. No.	Tip material	Tip shape	Key properties	Price
H1201	Zirconia ceramic	Fine, pointed	Heat resistant, insulating, acid resistant	On request
H1202	Zirconia ceramic	Rounded	Heat resistant, insulating, acid resistant	On request
H1203	Carbon-fibre PEEK (ESD)	Fine	Static dissipative, non-scratching	On request
H1204	Carbon-fibre PEEK (ESD)	Wide, flat	Static dissipative, non-scratching	On request
H1205	Spare tips (pair)	Ceramic fine	Replacement tips	On request
H1206	Spare tips (pair)	Ceramic rounded	Replacement tips	On request
H1207	Spare tips (pair)	Carbon fine	Replacement tips	On request
H1208	Spare tips (pair)	Carbon wide	Replacement tips	On request

Specifications are typical values; every lot ships with a Certificate of Conformance, and measured data are available on request. Prices on request.
